## Keep My Heart

I was searching for Heaven in the skies  
But I found it right here on the earth  
I was lost in nightmares and dreams  
But you found me and brought me to this  
place

So keep my heart  
In your land of light  
Even if I can't stay  
Keep my heart  
I wish I could breathe  
This air every day

Even when I'm far away  
Even when I'm not here  
Even when I'm far away  
Even when I'm not here

## Keep My Heart

Here, stones are turning into flowers  
Like my heart in the miracle of your embrace

So keep my heart  
In your land of light  
Even if I can't stay  
Keep my heart  
I wish I could breathe  
This air every day

Even when I'm far away  
Even when I'm not here  
Even when I'm far away  
Even when I'm not here

Keep my heart  
Even when I'm far away  
Keep my heart  
Even when I'm far away  
Keep my heart  
Even when I'm far away
