My Voice

You may cut off my breath But never my faith No never my faith It's my voice

You may chain both my hands
But never my soul
No never my soul
It's my voice

You may cut off my breath But never my faith No never my faith It's my voice

You may chain both my hands
But never my soul
No never my soul
It's my voice

When you fight against love There's no way to survive There's no way to survive It's your choice

> A hurricane of shouts Is shaking your house Is shaking your house It's my voice
