A SIMPLE WAY

When you feel your heart is gray
When happiness seems so far away
There's a simple way I can't explain
Just cry a little for Husayn

When you feel your heart is gray
When happiness seems so far away
There's a simple way I can't explain
Just cry a little for Husayn

Husayn

He has brought us this simple way
With his broken bones
Through fire and flames

A SIMPLE WAY

Whips and chains
And stinging thorns

He has brought us this simple way
With his children's hands
And wounded feet
In thirst and heat
On burning sands

Thinking of our hearts
Thinking of our souls
He was breaking the swords
Breaking the swords
Thinking of our hearts
Thinking of our souls
He was running through the arrows
Running through the arrows

A SIMPLE WAY

You can feel him in your heart
Come and enjoy his light
