IN SILENCE

A bone in his throat
A thorn in his eye
In silence a man was burning
And keeping the light alive

A bone in his throat
A thorn in his eye
In silence a man was burning
And keeping the light alive

Ali

Alone

Ali

Alone

He had to tell his secrets to a well
And bury his pains in the desert

IN SILENCE

A man who knew the ways in the heavens

Better than the ways on earth
